Website Survey

The Board conducted a survey about the Callie Website over the winter.

The majority of respondents felt that the website was useful and easy to use. A majority of curlers used the website to register for curling, check on the draw times and to find information about what was going on at the club.

There were some issues raised as only club leagues are available to register online - commercial leagues use their own registration methods.

A number of suggestions were also made and the Club is discussing some minor changes with our website host.

If you have any further comments about the Callie website, please contact the Callie Office (306) 525-8171.
